## KEY FEATURES

**Elementally balanced**  
**Architecturally refined**  
**Elevated aesthetic**

## GAB LOUNGE

The lounge chair invites you to sit, ponder and ease into your environment, giving comfort as the arms of the chair support curves of the body. The refined woodwork of the frame, accompanied by a slim seat and back create a striking silhouette, bringing glimpses of the surrounding interiors through its open frame structure. Using few materials in its construction, the lounge chair is formed of solid oak and upholstery offering a strong and durable lounge chair to complement a range of refined and sophisticated settings.
