LA TABLE BASSE

Designed by Xavier Lust

INDOOR AND OUTDOOR LOW TABLE

Low tables made with a curved natural aluminium sheet. Finish: aluminium lacquered and matt white lacquered. The design of the low table and the peculiarity of the bending in the aluminium sheet produce structural curvatures in the tabletop both in length and transversally. Such curvatures are a specific feature to the low table.

What strikes the most is the sheet: only 6 mm thick!

OUTDOOR USE

All the variants available, are perfect in both indoor and outdoor environments.
