NEIL CHAIR COLLECTION

Designed by Jean Marie Massaud

Created in 2018, the Neil family of chairs designed by Jean Marie Massaud is a project undergoing continuous development, which is marked by its essential nature, versatility, and careful design.

The wire structure marks a simple, light architecture, while the leather, cord, or fabric upholstery, combined with the wide colour range, give it character and allow it to adapt to different indoor and outdoor environments, both residential and professional, depending on the specific needs.

Products in the Neil collection, which include chairs and stools, have a sustainable core. Made with high-quality materials and smart production systems, they limit waste, last over time, and can be easily disassembled and recycled at their end of life.

Design and craftsmanship come together in a product that is able to meet different living needs: Neil Leather, elegant and refined, fits into sophisticated and contemporary contexts; Neil Textile connotes spaces in a more informal way, while Neil Twist is the perfect solution for outdoor environments.

NEIL TEXTILE

The load-bearing steel frame of the seat and backrest is available in black chrome glossy galvanic finish or in matt white or lead black colour powder painted. The fabric upholstery, coupled and simply stretched on the frame, is characterized by riveted seams and colour matching aesthetic stitching on the seat and back, decorations that emphasise the tension and the pattern. Available fabrics: Etis, Anima, Natura, Londra, Parigi, Hero 2, Sunday, Moss. The upholstery fabric is removable. This product is only suitable for indoor use.

NEIL LEATHER

The thick full grain saddle-hide is simply stretched taut between the parts of the structure and guarantees unexpected comfort even though it has a simple, definite form. The product is made completely by hand, entirely in Italy, a guarantee of high quality craftsmanship and great attention to detail: seams in heavy duty thread, dyed edges, and pressed areas on the leather surface form raised decorations that emphasise the tension and pattern. The saddle-hide upholstery is available in the following colour variants: Black (02), Dark Grey (03), Natural (26) and Turtledove (29). The saddle-hide upholstery is not removable. This product is only suitable for indoor use.

NEIL TWIST

Load-bearing seating structure made of steel, woven with high tenacity polyester cord, solution-dyed, guaranteeing high resistance to atmospheric agents, light, and abrasions, with stretch resistance. Sled-base made of steel rod. The frames are powder painted with a specific treatment for outdoor use, in the matt painted finishes in white or lead black. All Neil Twist models have a contrasting stitching detail, in glossy anthracite colour.

The cord weave/structure combinations are fixed:

- . matt painted white X053 structure / matt ecru cord weave col.23
- . matt painted lead black X138 structure / matt anthracite grey cord weave col.03
- . matt painted lead black X138 structure / glossy orange cord weave col.11
- . matt painted lead black X138 structure / glossy English green cord weave col.17
- . matt painted lead black X138 structure / matt ecru cord weave col.23

Available protective rain cover specifically for outdoor products, in light gray colour. This product is suitable for both indoor and outdoor use
