

Fossil

Designer	Xavier Lust
Year	2022

The Belgian designer and sculptor Xavier Lust signs Fossil for MDF Italia, an eclectic furnishing accessory that can be used as a low table. A highly versatile design for a family of elements, revisited with more rounded, fluid lines. Built in lightweight concrete, it is suitable for use both indoors and outside, sporting a delicate, neutral finish echoing the nuances of an organic, natural universe.

Top/Structure

Lightweight UHPFRC cement (ultra-high performance, fibre reinforced cement), with high technical / structural characteristics. The finish and colour is the result of a skilled mixture of sand and natural elements, followed by slow maturation and drying of the piece.
