

Jantzi Bistrot Table

Design by Samuel Accoceberry

750 x Ø 700 mm

The jantzi table results from the meeting between designer and craftsman: a bistrot table with legs in massive oak. The curbed legs are the result of a delicate work in a traditional way and seems to be a tree's roots. The top of Jantzi table exists in different materials : oak, sandy valsain antracite grey or white, and also melamine. Jantzi table can be round or rectangular.
