JOE

Description:

JOE is a series of soft, flexible seating furniture based on strong shapes, geometric curves, and clear lines. The centrepiece of the series is a circular pouf with slim legs. All seating elements are embraced by a light back wall that serves as a protective shell and creates comfort and privacy for relaxation or private conversations in hotel lobbies, lounge areas, libraries, or modern offices spaces. The soft backrest cushion provides maximum comfort. The family of seating poufs, sofas and armchairs are completed by a matching coffee table with the same floating appearance.
